EDUCATION

Bhagwan Mahavir College of Engineering & Technology (BMCET),   **Jun 2019 – May 2023**
B.E., Computer Engineering,
CGPA 8.34

INTERNSHIP

Bytesbizz Technology

Data Analyst (Intern)   **Jan 2023 – Apr 2023**

- Analyzed large datasets using Python libraries such as Pandas, NumPy, and Matplotlib to identify trends and patterns.
- Developed and implemented data cleaning and preprocessing techniques to ensure accuracy of data used in analysis.
- Created data visualizations using Python libraries such as Seaborn and Matplotlib to communicate insights to stakeholders effectively.

Bytesbizz Technology

Data Analyst (Trainee)   **Jun 2022 – Jul 2022**

- Completed an internship as a Data Analyst Trainee at BytesBizz Technology, gaining valuable hands-on experience in data analysis and visualization.
- Utilized various Python libraries, including Matplotlib, NumPy, Pandas, and Seaborn, to extract insights from complex datasets and create visually appealing data visualizations.

PROJECTS

Data Analysis Project

- Conducted multiple sales data analysis projects using Python libraries, such as Pandas, NumPy, Matplotlib, and Seaborn, on the Jupyter Notebook platform.
- Utilized Pandas to perform exploratory data analysis (EDA), including data cleaning, data preprocessing, and feature engineering, to identify trends, patterns, and anomalies in the sales data.

Desktop Voice Assistant

- Developed a desktop voice assistant project using the pyttsx module, leveraging the power of text-to-speech synthesis in Python.
- Designed and implemented a user-friendly interface that allowed users to interact with the voice assistant using voice commands.

TECHNICAL SKILLS

- Languages: C+ +, Python, HTML, CSS and JavaScript.
- Skilled in performing data analysis on Jupyter Notebook.
- Knowledgeable in HTML, CSS, and JavaScript, enabling the development of responsive and visually appealing web pages.

EXTRA-CURRICULARS

- Participated in and won the box cricket match in college, showcasing teamwork, leadership, and athletic abilities.
- Demonstrated strong knowledge and quick thinking by collecting 137 points through active participation in quizzes and sports competitions.
- Participated in Wood Stock Workshop (2020) at SVNIT.
- Participated in E-Treasure Hunt at Aayam (national level tech fest) 2022.
- Organized disaster management during "One Week for Nation" celebration 2019.

COURSES AND CERTIFICATIONS

- Currently completing the "Junior Cybersecurity Analyst" course offered by Cisco, gaining valuable skills and knowledge in the field of cybersecurity.
- Received a certificate of completion for the internship in Python-data analysis in 2023.
- Successfully completed a comprehensive training program in Python data analysis, earning a certificate of completion.
- Completed the Python course offered by Google on Coursera.
